

Premium all-terrain combining outstanding balance between on-road and off-road performance

The AT-771 was engineered to provide the confidence to tackle your favorite local trail or your everyday urban work route. The unique tread pattern and sidewall lug design offer excellent all-terrain traction while reducing pattern noise with multi-pitch noise reduction technology. Enhancing the AT-771's off-road prowess, the overall construction utilizes a stiff but conformable carcass with several key reinforcements to improve stability and handling while offering a refined ride on smoother surfaces.

## SPECIFICATIONS

| Rim Size | Size        | Service Description | SideWall Name | Overall Diameter | Section Width | MaxPSI | Max Load [lbs] | Approved Rim Width [in] | Ply Rating | P/C/LT | Radial/Bias | Tread Depth |
